Dear Professor Eby,

I wish to express my sincere gratitude for all the wonderful gifts that you, your wife, Bob Jones faculty members and Bob Jones students gave us during the recent Furman University Learning in Retirement class at Bob Jones University. All the class sessions were very special moments for those of us privileged to attend. You all have great talents to share and we are grateful for your taking time and making exceptional efforts to share those talents with us.

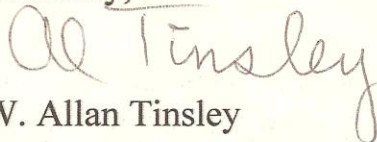

I grew up on a farm near Springfield, Illinois. However, we were exposed to great music on radio, early TV and live performances. I can remember seeing Jussi Bjoerling, Leonard Warren and Helen Traubel in separate recitals in Springfield's Community Concert Series. The videos you used at the last class session brought back great memories.

It has been very special to be able to participate in liberal arts courses, for retirees, at Bob Jones and Furman. I have spent most of my life at various academic institutions, but my work was focused in scientific and technical areas.

Thank you again for all the joys of music that you brought to us. Your course involved extraordinary efforts and gave us many special moments that lifted the spirits. I wish you great success in your teaching career.

Best wishes for a wonderful summer!

Sincerely,

W. Allan Tinsley
